Chris,

Please use the attached FINAL spreadsheet. All loads and weights have been reconciled with the TSDF summary.

The totals are at the bottom of Column E or F. I also included the # of loads at bottom of page in the date column A.

If you have any questions let me know.

I use this spreadsheet often. Can you please put in total lines, so I can keep track of running totals? I need tons only, you can delete the lbs.

Thank you
Chris

Chris

Nothing like waiting till the last minute.

I have most of the weights from US Ecology. The ones that I don't I went with the scale ticket.

I did not have all the tar weights for all the trailers so I just went with lb.'s from the scale house.

Thanks
